Scroll down and click on **Browse** and then select the firmware you downloaded.

Restart Router

Save/Restore Settings

Firmware Update

✓ Your firmware is up to date.

Check for New Firmware

Router

Your Installed Firmware Version:

Version 2.03.97 (16:32:05 , 01/27/2014)

Update Firmware From Locally Saved File:

Browse...

bl-f9k1115v2.bin

Click **OK** to confirm and proceed.

The page at router says:

Are you sure you want to install bl-f9k1115v2.bin?

OK

Cancel

You will then see a progress bar. It can take several minutes for the upgrade to complete.

Installing new firmware.

We're updating your router with the new firmware. Please don't turn off the power while this is happening.

Once the new firmware has been applied, we'll restart your router to complete the installation.

This will take three minutes or so. Update progress:
